## Overview

---

Each unit ships fully assembled with a built-in foundation and integrated wireways, reducing installation costs by 25%. We also offer support during installation and throughout. This model SES-1000/2000K- 40ft Container BESS is a large-scale energy storage solution housed in a standard 40-foot shipping container. The system can be used to store electrical energy for commercial, industrial, or grid-scale applications. In this guide, we'll explore standard container sizes. Extended Lifespan: With up to 7,000 cycles under optimal conditions, our 10KWH LiFePO<sub>4</sub> Powerwall battery ensures long-term reliability and reduces the need for frequent replacements. Feature highlights: The GULI Mobile Solar Container is a fully prefabricated solar array container solution designed for convenience, easy transport, and higher energy efficiency. Reducing our reliance on fossil fuels and strengthening our grid infrastructure will make sustainable energy more accessible and affordable. Whereas, diesel generators require with fuel and are noisy, this mobile power station uses solar energy with no noise pollution.
