

# Abu Dhabi energy storage for demand response

## Overview

---

The Abu Dhabi Department of Energy has expanded its 2025 Demand Response Project, tripling capacity and setting a path towards a more sustainable, flexible energy system by 2030, in a regional first for Gulf nations. This announcement follows the successful completion of the project's first phase in 2024. The client's focus was on battery energy storage systems (BESS) to capture surplus solar power and enhance the. The move enables villa owners and residential building occupants, where applicable, to generate, store, and use electricity within their homes in full integration with the grid.
