## Overview

---

At Modbox, we design and build shipping container solar solutions to securely house your solar panels, batteries, inverters, and other equipment. Whether you're powering a remote worksite, an off-grid project, or a backup energy system, our containers are built tough for Australian. At SCS Australia, we create solar powered shipping containers that combine renewable energy technology with the strength and mobility of a shipping container. Australia is very big and has tough weather. Some towns are far away from cities. Many places pay a lot for energy. The SunFlex Hybrid-Ready Container Solution is built for predictable, repeat-use deployment across industries. A self-contained, transportable hybrid generator available for rent, delivering 24/7 off-grid power with integrated solar, battery storage, and backup generation.

## Australian Solar Containers with Ultra-High Efficiency

---
