

Battery and inverter cabinet

Battery and inverter cabinet

Main Battery Replacement

Since that battery also supplies power to the ECU memory when the car is switched off, as well as powering the stop/start system, don't ignore it. Like the main battery, Volvo recommend

Low battery charge message

The low battery charge message relates to the main battery. On vehicles with stop/start systems and intelligent alternators, the vehicle battery is designed to operate at around 80% SOC, to

[Multiple Warning Lights/Error Messages/Battery deterioration](#)

TBH I would look at a replacement battery on the back of that info - but can't you get one from where you bought it? I don't know what a compliance centre is but does the vehicle come with

Battery issues

I've had both batteries replaced (with the correct models), done a 100 mile trip, overnight smart battery charge, charging voltage is fine, system messages cleared but I am still getting "low
