### Secondary Battery

My main battery just died, had it replaced with same, and car kept giving me Battery charging, so no stop start. When stop/start worked, it was for about 10 sec, and car would start, with

### "Low Battery Charge" HELP

Have the battery checked at dealers - and just using a multimeter on the battery won't show duff cells in the battery. A new battery-cured mine - any decent auto-electric garage could do it.

### Main Battery Replacement

Since that battery also supplies power to the ECU memory when the car is switched off, as well as powering the stop/start system, don't ignore it. Like the main battery, Volvo recommend

### Low battery charge error , Volvo V40 Forums

Hello everyone, I just bought my first car, a 2014 Volvo V40 T3, and a warning appears on the dashboard that says 'low battery charge.' The car is recently

**Low battery charge message**

The low battery charge message relates to the main battery. On vehicles with stop/start systems and intelligent alternators, the vehicle battery is designed to operate at around 80% SOC, to
