Battery issues

I've had both batteries replaced (with the correct models), done a 100 mile trip, overnight smart battery charge, charging voltage is fine, system messages cleared but I am still getting "low

"Low Battery Charge" HELP

Have the battery checked at dealers - and just using a multimeter on the battery won't show duff cells in the battery. A new battery-cured mine - any decent auto-electric garage could do it.

Low battery charge message

The low battery charge message relates to the main battery. On vehicles with stop/start systems and intelligent alternators, the vehicle battery is designed to operate at around 80% SOC, to
