

# Bosnia and Herzegovina backup energy storage battery

## Overview

---

Bosnia and Herzegovina has seen 12% annual growth in renewable energy capacity since 2020. But here's the catch - solar and wind farms can't operate 24/7. The Banja Luka storage project acts like a giant battery, storing excess energy when production peaks and releasing it during. This project aims to implement a battery energy storage system (BESS) for EPBIH, aimed at enhancing the decarbonisation of the energy sector in Bosnia and Herzegovina. Licensing and feasibility studies are already underway - the goal is to create a. y energy storage market has experienced substantial growth.
