

Bvr photovoltaic panel grounding wire

Overview

100PCS BVR Solar Grounding Wire with 5/6/8mm Terminals, 10/12/14 AWG Copper Cable for PV Panel and Cabinet Earthing. Ideal for panel to panel earthing and DIY electrical installations. **Clear Color Identification**: Features internationally recognized yellow-green dual-color insulation sheathing for immediate recognition as a protective grounding wire, preventing misconnection. **Versatile Specifications**: Available in various wire gauges (e.g., 10/12/14 AWG). It connects every part of the PV racking to be grounded through an integrated ground bus. This PV grounding wire uses high purity oxygen-free copper core, anti-oxidation and stable conductivity, and is protective. The Yellow-Green Ground Wire is a premium solar wiring solution that offers superior safety and reliability.
