Reddit

Reddit is a network of communities where people can dive into their interests, hobbies and passions. There's a community for whatever you're interested in on Reddit.

Community Microgrids

Why We Need Community Microgrids
The Value-Of-Resilience
Transitioning Our Energy System
Key Stakeholders For Community Microgrid Success
It's time to modernize our energy system and move it into the present. What worked in the past is no longer viable. Our centralized power grid is so last century, as our friends at the World Business Academy explain in this excellent video: The future is here - in the form of Community Microgrids. See more on clean-coalition

Community Microgrid Assistance Partnership (C-MAP)

Communities selected through competitive solicitation for C-MAP will receive funding, technical support, and development resources to implement innovative microgrid technologies and deployment

Community Microgrid Ownership Models

The complexity, cost, and relative novelty of multi-user microgrids has led utility-private ventures to become the most common and effective means of creating community microgrids.

Community Microgrid Initiative

The Clean Coalition's Community Microgrids are designed to provide indefinite, renewables-driven backup power to critical facilities. Our Community Microgrid
