

Croatia imports energy storage batteries

Overview

The Croatian government has prepared 500 million euros to install batteries for storing energy produced from renewable sources. Minister of Economy and Sustainable Development Damir Habijan stated that Croatia is ready for energy changes. It is important to conduct the energy sector's green. The European Bank for Reconstruction and Development (EBRD) is providing a direct equity investment of up to €16. The deadline to submit expressions of interest is May 12.
