

Delivery time of 120kW photovoltaic energy storage container

Overview

Standard solar container models can be manufactured and ready to ship in as little as 4-6 weeks. A shipping calculator simplifies estimating the transit time for your shipment. How long does it take to fold a solar panel?

Folding solar panel inside the container can be unfolded or stowed in as little as 1h (the time does. In normal, when the Main power fails or voltage drops below 80% of the normal voltage, ATS will auto start standby generator set after a preset time of 0-10 sec (adjustable according to the users). Our expertise in utility-scale solar power generation, custom folding containers, and advanced energy.
