Overview

TU Energy Storage Technology (Shanghai) Co. , founded in 2017, is a high-tech enterprise specializing in the research and development, production and sales of energy storage battery. Summary: The Democratic Republic of Congo (DRC) is emerging as a critical supplier of solar lithium battery packs, leveraging its vast cobalt reserves and renewable energy potential. These include solar components (solar panels, inverters, batteries), off-grid and grid-tie solar systems for commercial, industrial and residential applications, battery energy storage systems, energy efficient LED. Recent estimates suggest the DRC's flagship energy storage project requires an investment of \$120-\$180 million, depending on technology choices and infrastructure upgrades. This initiative aims to stabilize the national grid while supporting renewable integration. Our clients range from mining operations requiring uninterrupted power to rural.
