

Denmark makes energy storage batteries

Overview

European Energy, in collaboration with Kragerup Estate, has initiated its first large-scale battery storage project in Denmark. The battery, expected to begin test operations in Q1 2025, will support the integration of renewable energy into the power grid.

Denmark makes energy storage batteries

Welcome to the official website of Denmark

The Danish Vikings were great innovators and engineers, and the spirit of innovation is still alive in Denmark. In areas like food and agriculture, environmental science, pharmaceuticals and

Quick Facts about Denmark , VisitNordic
