

# Energy storage container spray paint manufacturer

## Overview

---

At Hempel, we produce a full range of protective coatings for every container type, from reefers and tanks to dry cargo, mining, storage and offshore containers. All while reducing your environmental footprint. Optimize the reliability and longevity of Energy Storage Units with Axalta's cutting-edge coating solutions. From robust Powder Coating for housings to advanced Liquid Coating and E-Coating for internal structural components, Axalta's innovative products redefine durability and performance. From the moment your container leaves the factory, it will start a tough journey through ports and across seas. For our customers, this also involves features such as resistance to damage and abrasion. MEG® II Compact Inside Spray Gun: delivers fast, accurate application of solvent and waterborne can lacquers to two- and three-piece cans. Bob is back in storm-threatened Florida with a unique housing project that brings affordable, storm-resistant housing to a neighborhood that needs it most. BlastOne is the undistributed industry expert.
