

# Exchange on Austrian Off-Grid Solar Container for Agricultural Irrigation

## Overview

---

Solarcont has developed a portable, containerized PV system featuring 240 solar modules on a folding system for easy removal and storage. Solarcont, an Austrian startup, has unveiled Solarcontainer, a portable PV generator that can function as a mobile solar plant independent of the. The Hybrid-Ready Container Solution is a modular product in a series of products enabling full distributed energy plant deployments anywhere with enough open space to support solar energy. The SunFlex Hybrid-Ready Container Solution is built for predictable, repeat-use deployment across industries. At Modbox, we design and build shipping container solar solutions to securely house your solar panels, batteries, inverters, and other equipment. Whether you're powering a remote worksite, an off-grid project, or a backup energy system, our containers are built tough for Australian conditions. It comes inside a strong shipping container. It works well where there is no easy way to get power. This system is realized through the unique combination of innovative and advanced container. Power where the grid can't go - delivered in a single, rugged container. MyEnergy designs and builds turnkey off-grid systems inside 10-, 20- or 40-foot containers, pre-wired, factory-tested and ready to run the moment they land on site.
