## Finland in facts

Visualise a few main facts about Finland at a glance. The facts in the infographic are available in text form on this page. GDP: Statistics Finland. Updated in June 2025.

## Finland Facts & Figures

The total area of Finland is 338,144 km, making it the 8th largest country in Europe after Russia, Ukraine, France, Spain, Sweden, Norway and Germany. Of this, 10% is water and 69% forest - there

## Finland communication network base station 215kWh

As digitalisation advances, it is indisputable that

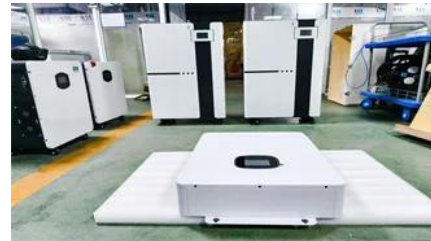

[Elisa granted EUR3.9m by Finnish gov't to roll out virtual](#)

The solution allows the telecom network infrastructure to provide part of its flexible capacity from base station batteries to Transmission System

telecommunications infrastructure, such as base stations and data centres, will consume more and more electricity. The Finnish Transport and

[Optimizing 215kWh Cabinet PV Storage for Telecom Base Stations: A](#)

Learn how to optimize a 215kWh cabinet PV storage system for telecom sites. Expert insights on safety, efficiency, and lowering LCOE for US & European markets.

[Finland Telecommunications Energy Storage Battery Solutions:](#)

From Helsinki's tech hubs to Lapland's wilderness, reliable energy storage forms the backbone of Finland's digital infrastructure. By adopting advanced battery solutions tailored to Arctic conditions,

### **The Importance of Renewable Energy for**

In this paper we assess the benefits of adopting renewable energy resources to make telecommunications network greener and cost-efficient,

### **Essential facts about Finland , Visit Finland**

Explore this list of fun facts and useful things to know about Finland - the happiest nation in the

world.

### Elisa turns RAN assets into virtual power plant

For a start, MNOs have a distributed network of power batteries to back up their base stations. According to Elisa, the telecommunications sector is

### [The Essential Guide to 215kWh Cabinet PV Storage for Reliable](#)

Explore how a standardized 215kWh cabinet BESS can solve critical power resilience, cost, and safety challenges for telecom networks in Europe and the US. Get expert insights on LCOE and thermal

### [Finland: PV-plus-storage enables telecom networks to](#)

Telecoms specialist Elisa is deploying battery and PV systems at base towers in Finland, which will "implement virtual power plant (VPP)

### Finland Maps & Facts

The above blank map represents Finland, a Nordic country located in Northern Europe. The above map can be downloaded, printed and used for educational purposes like map-pointing
