

Finland outdoor power equipment manufacturer

**200kWh
Battery Cluster**

Overview

Today, Ponsse Plc is one of the world's largest manufacturers of cut-to-length forest machines. The roots of the family-owned company, grown from a machine entrepreneur's dream into an international export company, lie deep in the Finnish countryside. Each year, we manufacture thousands of machines for hose crimping, material joining and forming, expansion and calibration, as well as for cutting, skiving, inserting, and marking. NEW for winter! Padded gloves are heated by rechargeable batteries. Back-up power supply, stylish Retki Thermal vest. ABB Drives is a global technology leader serving industries, infrastructure and machine builders with world-class drives, drive systems and packages. Manufacturing thousands of portable, benchtop and production model crimping machines each year, Lillbacka Powerco also produces hose cutting and nut crimping machines for customers across the globe. Common brands might lure you with low prices, but that often comes at the cost of durability, ethics, and overall quality. Join the cult of Savotta! Join.
