[heating entire house from basement , Hearth Forums Home](#)

we are looking at buying a house that has a stone fireplace in the living room and a place in the basement to connect a woodstove, the house is 1456 sq ft on one floor and the basement is

[My house is "concrete slab" foundation \(no basement\). Am I losing.](#)

I have no basement in my house - sits on a concrete slab. I have tile/hardwood/pergo floors and yes they are cold in the winter. We've got some carpet and rugs covering about 50% of the

2009 House with Fireplace Insert

Our house was built in 2009 and it has a beautiful fireplace with an insert. We didn't do too many fires last winter (maybe 1) but this year are wanting to use it more.

Moving Air to opposite side of the house

I was looking for some advice on how to get the air flow moving to move the hot air from the family room to the other end of the house. I am attaching my floor plan which is not to scale. The

DESIGNING A NEW HOUSE FOR WOOD HEATING

I built a boiler building away from the house insurance on it is \$16 a year. With new construction I would include hydronic tubes in the slab best heating ever. The boiler was expensive

[Quadrafire Castile \(2001\) model smoke in house after Exhaust pipe](#)

Ok first post but I have been a lurker here for the past year and found many of the post very helpful. I bought a house last fall with a Quadrafire Castile. I was having a problem with the

Shipping Container Homes , Backcountry Containers

By customer demand, what started as primarily single-unit container homes has quickly grown to multi-container custom homes. Using a combination of stacked

[Creosote running down outside of pipe, inside of house](#)

The past few days, creosote is running down the outside of the pipe that is inside the house, between the ceiling and the stove. The exterior pipe looks fine. Also, this fall we had resealed

How to route chimney in a cape-cod style house

Hi all, I'm new to the forum, but I have heated with wood since I was little. We now have a house that doesn't have a chimney, and we bought an Englander (2200 sq ft model) wood stove from

[mini split usage in 2-story home with small bedrooms on second floor](#)

Hi, I have been exploring my options to add AC to my 2-story, 1600 sq ft 100-yr-old home. I have ducts but they are very old and would probably need to be redone, since I have no returns on
