

Lion iron phosphate battery cylindrical super-large monomer

Overview

LionBattery's LFP cylindrical cells (such as 26650 and 32700 types) deliver consistent power output, excellent thermal stability, and superior resistance to overcharging and deep discharging.

Lion iron phosphate battery cylindrical super-large monomer

Living Species

The lion is very muscular and its body is designed for strength and short bursts of high speed. The shoulders and forepaws are particularly massive and powerful enabling lions to tackle and subdue
