

Power generation container production

Overview

A containerized genset is a diesel or gas-powered generator that is housed within a specially designed ISO shipping container. We're excited to expand this pillar with the addition of Centum™ Force, the next generation of containerized generator sets that establish new benchmarks in footprint optimization, layout. At the beginning of the Tier 4 transition, our engineering team had the opportunity to work with different customers in different markets to design and develop a line of high-power Tier 4 Final containerized generators. Our solutions provide reliable energy generation and storage for industries, construction sites, events, and remote operations. Designed to house advanced battery technologies within robust, transportable.
