

Power generation solar panels are customized on demand

Overview

Custom solar panels built to your exact size, voltage, cable and mounting needs. Engineering support, prototypes, QA testing, and global delivery. Generic panels rarely match real-world designs: their fixed dimensions, preset connectors, and limited voltage options often waste surface area or complicate installation. Every project-whether an RV roof, a portable charger or a smart sensor-deserves a panel shaped precisely to its space and. That's why we create custom solar panels designed to match your exact needs. With multiple mounting options and seamless architectural integration, we ensure your system not. PowerFilm designs and manufactures custom solar cells, panels, and power solutions for energy harvesting, portable, and remote power applications using proprietary thin-film or high-efficiency crystalline PV technology. We have already produced millions of client-specific solar modules. Flexible manufacturing lines enable us to offer a wide range of customisation options, and by combining them we achieve virtually endless possibilities.
