Albedo

OverviewExamples of terrestrial albedo effectsTerrestrial albedoAstronomical albedoSee alsoExternal links

Albedo is not directly dependent on the illumination because changing the amount of incoming light proportionally changes the amount of reflected light, except in circumstances where a change in illumination

induces a change in the Earth's surface at that location (e.g. through melting of reflective ice). However, albedo and illumination both vary by latitude. Albedo is highest near the poles and lowest in the

Enphase Energy: Solar, Batteries & EV Chargers

Go solar with confidence. Enphase offers advanced microinverters, battery storage, EV charging, and energy monitoring for a smarter, more resilient home.
