Policies and Regulations

State Solar Carve-Out Programs
Solar Interconnection Standards & Policies
Understanding Electricity Market Frameworks & Policies
Interconnection standards define how a distributed generation system, such as solar photovoltaics (PVs), can connect to the grid. In some areas of the United States, the interconnection process lacks consistent parameters and procedures for connecting to the grid or is unnecessarily complex. This drives up costs and causes delays, which can be sign See more on epa.gov/santaclaracounty.gov

Photovoltaic or solar permits and guidelines , Department of Planning

Below is information about the kind and size of system is appropriate for your building, rebates and incentives, suppliers, contractors and much more. In November 2010, the Board of Supervisors
