

# Solar container communication station inverter signal repeater

## Overview

---

Designed from the ground up for extreme off-grid and SHTF operations, this system integrates high-capacity power with seamless solar charging capability in a single, self-contained unit-no external grid or generator required. Today, we introduce a revolutionary solution that not only amplifies your signal but also powers it with solar energy: the Retevis RT97L High-Power Portable Solar-Powered Repeater. After briefly introducing the RT97L's features, we'll explain the connection process in detail. SCCD-SK SOLAR - Professional Energy Solutions Page 3/7 Off-grid container power systems We are. The Repeater Node permits extension of the SignalFire Wireless Mesh Network where power is unavailable. Complete stand-alone system for easy installation.
