

Solar energy storage project in chiang mai thailand

Overview

The project, located in Huay Nam Rin Village near Chiang Mai, provides off-grid electricity to all households in the rural community using a combination of portable battery energy storage units and photovoltaic panels. POWER STORAGE specializes in advanced home and industrial energy storage solutions, offering high-performance energy storage batteries, modular storage containers, and microgrid systems tailored to meet the unique needs of residential and commercial applications. Our goal is to empower homes and Northern Thailand's energy storage project in Chiang Mai marks a turning point for renewable energy adoption across Southeast Asia. The city is often affected by monsoon weather, and sudden power outages frequently disrupt people's daily routines.
