

# Solar power generation in Chad

## Overview

---

Chad has one of Africa's highest solar penetration rates, a result of a small power system with just 12% electrification, as large-scale solar and storage projects gather pace around N'Djamena, even as political uncertainty over oil revenues constrains faster deployment.

## Solar power generation in Chad

[Chad's installed PV capacity hits 110 MW, supplying 37%](#)

Chad has one of Africa's highest solar penetration rates, a result of a small power system with just 12% electrification, as large-scale solar and storage projects gather pace around

### Homeowner's Guide to Solar
