

Turkmenistan explosion-proof solar panel manufacturer

Overview

For applications in hazardous areas, (i. LNG, Oil & Gas installations), we offer explosion proof solar modules. Fully certified according latest ATEX and IECEx guidelines. SOLAREX modules are an IECEx certified products with up to 360W power and can be used in hazardous areas of class 1 Pipeline control and management Need more information ?

CONTACT US!. The MSP20Ex solar module is an ATEX classified photovoltaic module for use in isolated systems where no electrical power is available, typically on offshore oil and gas platforms classified as a gas explosion risk area. MSM has designed this module under the strictest safety regulations, complying. The JCE Energy SPP Zone 1 & Zone 2 Solar Power Pod is a compact solar power supply unit and is available in different power ratings from 24-960W with output voltages ranging from 12V - 240V AC or DC. A solar pod consists of a solar panel, to convert solar energy into electricity, a battery pack, to. This analysis moves beyond general potential, focusing on two core pillars of Turkmenistan's economy-agriculture and oil & gas-to illustrate the tangible demand for locally manufactured solar modules. The company was founded in 2015 by enthusiasts who care about the convenience and accessibility of one of the most common alternative energy sources - solar and wind.
