

# Vienna Foldable Container 500kWh Service Quality

## ◆ PRODUCT INFORMATION ◆

-  **BATTERY CAPACITY**  
50kWh~500kWh
-  **DC VOLTAGE RANGE**  
400V~1000V
-  **DEGREE OF PROTECTION**  
IP54
-  **OPERATING TEMPERATURE RANGE**  
-10~50°C

## Overview

---

Price is \$387,400 each (for 500KWH Bank) plus freight shipping from China. To discuss specifications, pricing, and options, please call Carl at (801) 566-5679. Each container with all of the equipment will weigh less than 16 tons. What is a mobile solar PV container?

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Folding. A 500kwh battery storage unit is a sophisticated assembly of several subsystems that must operate in synchronization to ensure stability and longevity. The primary components include the battery modules, the Battery Management System (BMS), the Power Conversion System (PCS), and the Thermal. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. Ganged together this gives 5 MWh capacity and 20 MW of power. China has the largest grid-scale flywheel energy storage plant in the world with 30 MW capacity.
