

Vienna High Temperature Solar System

Vienna High Temperature Solar System

[Europe's largest PVT system heats Vienna's new Sport](#)

The new Sport Arena in Vienna is home to what is currently the largest PVT system in Europe, with 1,130 collectors from the German supplier Sunmaxx PVT. It

[Mirror-focused solar cells generate electricity and high heat in one](#)

A set of peer-reviewed studies and federally funded research projects have shown that solar cells can double as curved mirrors, generating electricity and high-temperature heat from a single piece

Electricity and district heat generation

The massive decrease in the cost of equipment and plants across Europe over the past few years has led to a significant boost in the construction of wind and solar power plants. Moreover, the EU

[Vienna is taking its job as a climate leader seriously : NPR](#)

In addition to mandating solar panels and energy-efficient buildings, Vienna is now heating thousands of homes with geothermal energy instead of planet-heating natural gas. It's
