

Wall-mounted solar container lithium battery for energy storage

Overview

This wall-mounted solution offers superior energy density compared to traditional lead-acid batteries, storing 7.68kWh in a slim-profile enclosure that occupies 60% less space. With 96% Depth of Discharge capability, users can access nearly all stored energy daily. [Products Description & Details](#) 51. 2V 314Ah lithium battery adopts the most advanced lithium battery manufacturing technology, more stable performance and greater power. The standard charge-discharge current is 150A, the maximum discharge current is 150A, the maximum output power is 16000W. Designed for home solar systems, off-grid living, RV travel, and backup power during power outages, its space-saving wall-mounted design. Looking for a compact, reliable, and long-lasting battery for your solar system?

GSL Energy's 5 kWh, 10kWh 14 kWh wall-mounted lithium battery offers a cutting-edge solution for homeowners seeking energy independence. Engineered for seamless solar integration, this space-saving solution mounts discreetly while powering your essential home systems day and night.
