

# What is the linear warranty for photovoltaic panels

## Overview

---

Solar panels typically come with a 25-year linear performance warranty. Solar panels also come with a product warranty to protect you from a panel with a material or workmanship. A standard solar panel warranty should come with at least 10 years of protection, though many premium options now offer 25 or even 30+ years of coverage. Most solar panel warranties won't reimburse for labor costs associated with installing new equipment or shipping fees for replacement parts. Jinko and Customer may hereinafter be referred to each as a "Party" and collectively as the PARTY. Jinko provides the Warranties set forth herein commencing upon the earlier of delivery of a Module to the original purchaser thereof or that date which is one hundred and. While product warranties handle physical failures, power output warranties guarantee your panels won't just fade away energy-wise.
