

# Zimbabwe first solar

## Overview

---

Sany Silicon Energy has started building its first solar power plant in Zimbabwe. The project, undertaken by Runtu Mining Company, marks SANY's first solar project in Zimbabwe-and the first in Africa to adopt the innovative "EP+F" model, which integrates engineering. First Solar's roots run deep in American soil. The initial stage of the 600-megawatt project will be built on land adjacent to the lake.
